Step 5: Device assignment

SETScoring APP Device Assignment
Authentication Refresh SETScoring APP Device Assignment Logs 354400056015518 (Referee 1) Assigned: false
Authentication Schefresh Assign Schemove
emove

Step 6: Start scoring

 As soon as the device notices the assignment you can start scoring

Important Notices

- [•] Scores are only counted if the Point Panel time is running
- Point Panel automatically saves the device list, so you don't need to assign the devices after restart of the software
- Each Scoring device is identified by Imei and Referee
 #. I a device is already assigned for another referee
 #, it has first to be removed from the list in order to create a new assignment request
- If a referee # is already used by anohter device, it has first to be deleted from the assignment list
